Additionally, with respect to the non-convertible preferred stock, ServiceTitan, Inc. was deemed to pay quarterly distributions, which are accrued and paid in kind (i.e., not paid in cash but added to the liquidation preference) for the first five years, starting from 2022 Q4. Note that the non-convertible preferred stock was called for redemption on December 13, 2024.**

15 Describe the quantitative effect of the organizational action on the basis of the security in the hands of a U.S. taxpayer as an adjustment per share or as a percentage of old basis ▶ **The redemption premium of \$75,498,457 is treated as giving rise to constructive distributions accrued on a 5-year original issued discount schedule. However, note that the non-convertible preferred stock was called for redemption on December 13, 2024. All remaining redemption premium to be accrued after the redemption date is deemed distributed on the redemption date. In addition, ServiceTitan, Inc. was deemed to pay a distribution on the non-convertible preferred stock of \$27,934,332 in 2024 Q4.
